

Reg Charity No. 1116935

## **Important Announcement**

### **Temporary suspension of our PROSTaid Support Groups due to COVID-19 (Coronavirus) 16/3/20**

#### **PROSTaid support groups.**

We will continue to follow Government health guidelines and therefore in the light of this the Trustees have decided that regrettably we will be unable to operate our normal monthly prostate cancer support groups and they are all cancelled at this time.

#### **Restoration of Support Group Meetings**

We will restore our regular meetings, when the time is right in the light of future government health advice as the situation continues to unfold"

#### **Interactive Video support for your Group**

In the meantime, however, we are now arranging a designed multi free video link meeting for your local group that you will be invited to attend to be held at the same time as you usual meeting. A free link will be sent to your computer or device to allow you to participate if you so wish from your home.

This meeting will be interactive and allow you, should you wish to participate. At the meeting you will have the leader of your group and your speaker attending and you will have your usual question and answer session which we realise you often find particularly helpful!

## **We are here to help you:**

**Niki Bakewell on 0116 258 4490**
